**SALONE
NAUTICO
DI PUGLIA**

OCTOBER 10/14

Why SNIM?

SNIM - Apulia Boat Show, sponsored by Confindustria Nautica, having acquired recognition as an international event, stands as a reference event for southern Italy and a point of reference for the entire Adriatic coast. The Marina di Brindisi tourist port confirms itself as an ideal stage to welcome the best of the sailing and motor shipbuilding industry, offering opportunities for sea trials in optimal and favourable marine weather conditions.

Significant importance will be given to the space dedicated to the world of sailing, which in Puglia is registering an ever-growing interest, and to fisherman who, thanks to the widespread practice of deep-sea fishing, involves numerous enthusiasts. Snim is also an important showcase for accessories and engines, as well as for exploring topics related to sea sports, nautical tourism, safety at sea, and training courses for new professions in the maritime economy.

Giuseppe Meo
President of Apulia Boat Show

Why Apulia?

Puglia is not a place, it is a state of mind." You will meet a local community united by the spirit of hospitality and thanks to the strong tourist appeal of these years and the strategic geographical position, an

international community, coming mainly from Croatia, Montenegro, Albania, Greece, Turkey which has chosen Brindisi as a natural nautical destination.

Brindisi offers a lot for all tastes and we have thought of dedicated offers to make the most of your stay.

20.000 +

visitors
with a 30% increase
every year

Talking about training and the need for trained professional figures was one of our objectives. Today we can say that we have started a concrete path with the activation of training courses involving schools and sector players.
